Upgrading electronics this holiday season? New Flatscreen TV? What are you going to do with the old ones?

If it plugs in, we can take it. Old, broken, or unwanted. TVs, PCs, monitors, laptop computers, towers, servers, tablets, cell/smart phones, chargers, stereos, literally anything with a power cord.

We will come to you, pick up your e-waste, and do all the work for you. The best part is you can have peace of mind that your electronics will be recycled properly, donated to charity, or be refurbished or repurposed. We also offer hard drive destruction, and will always take the right steps to protect our customers' personal information.

The world will be a better place when we all recycle our E-waste!

Happy!
