Several projects for talented bikini models are coming up. We're compiling photos for various online catalogs and a few print as well. Our micro bikini and lingerie models can participate in a variety of projects available for the spring season updates. Some shoots will feature content with implied ,others will involve full with individual and multi-model participant sets. We are over saturated with applicants for non nude positions so at this time we're mostly looking to expand our talent pool of models interested in the more erotic shoots. Our models need to be fun, attractive, and physically fit. Experience is not necessary, but if you have any, please let us know. Pay is structured hourly and ranges depending on what type of modeling done (solo girl or girl/girl for instance) and can range from 200 to 600 an hour. Repeat work will definitely be available for outstanding models throughout the season and well into summer. If interested send your name, city of residence, height and weight, sample photos of self including face, full front, rear and profile. Include contact info and any message you might have to describe your personality as well. Thanks, we look forward to hearing from you.

**PLEASE READ PHOTO SUBMISSION GUIDELINES BELOW CAREFULLY:**

We do not accept photos that are older than 12 months, we do not accept photos with more than one model in it, we do not accept photos posted on other websites, we do not accept low resolution photos, we do not accept photos with writing on them, logos, or photographer signatures, we do not accept photos that are collages or have effects, or have borders added to them, so please do not submit none of the above or your photos will not be considered.

We will except self taken photos just as long as they are of a good resolution and.
