

LTL and FTL Freight and Shipping Services for Small Business (Any and everywhere)

Location **Arizona**
<https://www.genclassifieds.com/x-731843-z>

Hello,

Atlanta-based freight brokerage agents here to service your transportation needs. Whether your shipment is moving locally or across the continent and beyond, we are here to help.

Our Services:

Full truckload/Full containerized load (FTL/FCL)

- Our broad network of verified carriers ensures that your load will be booked promptly and moved only with carriers who have a proven track record.
- Our experience brokering shipments in all of N. America and beyond gives us pricing expertise and enables us to predict trucking and ocean/multi-modal demand.

Less-than-truckload (LTL) & less-than-containerized load (LCL for ocean/rail transport)

- We accurately classify your LTL items according to the NMFC guidelines, which ensures rating and pricing precision.
- We offer competitive pricing with insurance options should your item's value exceed the carrier's liability coverage.
- We offer logistics consulting, advice on what carriers need to meet yours, so you know what the plan is at time of pickup.

-Need a lift gate? We can offer loading assistance for customers who don't have access to a forklift.

-We can help with the following info:

- commodity (what you are shipping)
- dimensions (Length X Width X Height)
- origin & destination zip/postal codes
- whether you are shipping to or from commercial (truck loading facility) or residential locations

Please inform us of our expectations and whether you have received quote from other trucking companies.

Please inform us of our expectations and whether you have received quote from other trucking companies.
