## **Puppies for Rehoming**

Location Alabama https://www.genclassifieds.com/x-731853-z

I have 8 puppies (6 females and 2 males) who will be 8 weeks and ready to be rehomed January 5th. They have had 2 rounds of deworming and their first set of shots, they will have their 3rd round of deworming before they leave. There will be an \$80 rehoming fee to cover the cost of shots and dewormings as well as to ensure they are going to a loving home. If interested you can email through here or text at
