I am a mature gentleman who is looking for a room to rent or house and or apartment to share with a decent clean man. I am on SSI and only work from time to time. I am a Chef by trade stopped working due to health reasons. Very friendly low key and easy to get along with. I do have a very small friendly dog as companion keeps me company. Looking to move in the second week of January. If you have a space and dont mind sharing please send me a email. Thanks for.
