Hello!

My friend is selling me her couch, and needs me to pick it up on the morning of January 5th. (no flexibility here)

She lives quite close to me, but her home has MANY stairs up to the front door.

I need two people, with a truck, who can pick up the couch and deliver it to my house.

It shouldn't take more than an hour, start to finish.

Please let me know if you are available.

Thank YOU!

(please include the TOTAL price you would charge for this job when)
