QR Code Link to This Post Louie is a 7 year old Lhasa Apso/Silky Terrier mix, with an playful adventurous attitude, love for humans, and even bigger lover of treats. We're looking for the right person or family for him, as he does come with a few quirks. First, let's cover the basics:

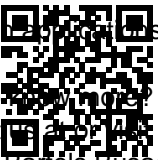

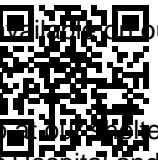

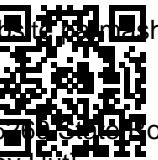

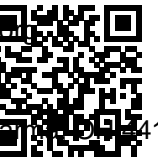

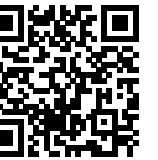

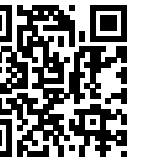

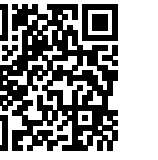

Housebroken, he's great about letting you know when he has to go!  
 Loves short walks  
 Doesn't need a lot of playtime, he's a pretty chill dog.  
 He likes to cuddle  
 Generally loves people  
 Likes older kids  
 Super cute underbite  
 Is a great watch dog

Louie has separation anxiety and would do best with someone who is frequently home. He does well in a gated off area instead of a crate. He may be a great dog for an older person or couple that want a companion.

Though it takes time for Louie to warm up to other dogs in the home, having another dog in the home may greatly help with his separation anxiety.

Louie is not a big fan of toddlers or very small children (he runs away and will hide), so a home without them would be best.

An avid doorbell/knock barker, Louie is a great watch dog.
