QR Code Link to This Post I am a blues-rock-country lead guitarist with some vocals looking to form or join a band. Much depends on the musicians and singer in band, and band would go in that direction. My influences: Derek Trucks, Beatles, Rolling Stones, Jimi Hendrix, Allman Brothers, Stevie Ray Vaughn, Kenny Wayne Shepherd, Johnny Winter. I wouldn't mind a mature blues-rock band, but it depends on who's playing.

Send me links to you or your band playing live. Queries without online links to music will not be responded to.
