QR Code Link to This Post Louie has been missing since 11/10/16 from the Green Ridge Subdivision off of Atlee Station Road. Louie weighs about 17 lbs and has a white chest and white feet. He does not have a collar or a microchip. He was seen this past weekend roaming around in the Kings Charter/AschCreek area. Please reach out to me with any information you may have regarding his whereabouts. He is very skiddish, so if you see him, please try to lure him in with food and then contact me ASAP. Thank you in!
