QR Code Link to This Post I am a professional songwriter, vocalist, musician, producer, and owner of JBO Music Productions, LLC. Check out my website at www.jbomusicproductions.com. We have decades of producing and writing songs and can turn your ideas into pitchable HI QUALITY demos!

Whether your goal is to get a publishing deal or place your song in one of the many markets seeking original music, JBO can produce a master quality demo of your song. We specialize in Country, Rock, Pop, and Christian Contemporary styles, and offer the most reasonable pricing in professional studio demo recording today.

How it works:

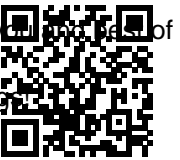

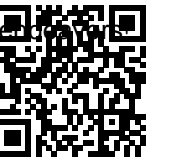

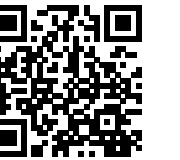

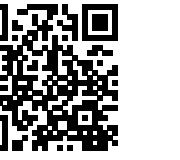

Many of our clients do not play an instrument or sing well enough to create high-quality demos worthy of submitting to a publisher or record label. So we produce and record the demo as they want it, then send them a high-quality wav file of the completed project. THE SONGWRITER MAINTAINS ALL THE RIGHTS TO THEIR SONG! (We have work-for-hire agreements if desired.)

To get the project started, we do not require music sheets or lead sheets, only lyrics and an example of the song. Many of our clients have "scratch" tracks of their song that they email to us so that we can get an idea of the song, but some of our clients simply sing part of the verse and chorus of their song into their phone and send us that. If you have any additional questions, please feel free to text or send us an email.
