QR Code Link to This Post Early Sixties, Male, singer and rhythm guitar player looking for other guitar players, lead, bass, rhythm, (whatever) to meet late afternoons weekly and jam. Do you play drums or electric keyboard? I live in Opelika, now and I already have a day job, so this would be for fun only, however, I have been known to play at special events, weddings, etc. I used to play with a group back in Texas, and I also used to play twice a month at the two, local, assisted living centers there, and monthly at church. My song interests are old(er) country-western, old rock-n-roll, gospel, easy listening music, etc., stuff you would hear at a malt-shop. But I do like to play fast and loud at times. I moved to the Auburn-Opelika area in the fall of 2012 and have been looking for someone(s) to jam with every since. I have another regular jam partner, retired, plays some lead, and rhythm. We generally have jam sessions on Wednesday evenings and Saturday or Sunday afternoons. If this sounds like your interests, call me at

or email me back. Look forward to hearing from you! Two guitars generally sound better than!
