QR Code Link to This Post are you lonely and cold?.. i sure am. i miss the closeness of having someone near me and the warmth and comfort they produce.

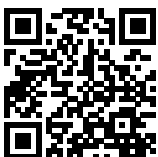

I have no interest in dating unless down the line sparks magically happen.. and swear I will not try any funny business. I believe in consent and open communication and have references if necessary.

I know this is something lacking for me.. i'm sure I'm not the only one.

big or little spoon doesnt matter.. I'm adaptable

please send a pic and ill send mine and reply with "spooner" so i know your not spam

this is a mutually beneficial agreement.. though if i like you maybe ill do something
