

XPERT MOVERSFULLY LICENSED amp INSURED PROFESSIONAL MOVINGSERVICE

Location

Georgia

<https://www.genclassifieds.com/x-735403-z>

QR Code Link to This Post We are a team of Atlanta professional movers that offer both high quality moving service and cheap rates. We can move anything from an entire house with multiple bedrooms, to an apartment with just one bedroom. Even heavy objects such as safes, armoires, tool sets, and file cabinets.

We also specialize in furniture delivery. Quite a few of our customers contact us because after purchasing a bedroom or living room set, they don't want to pay the high rates that furniture companies usually charge. They know that they can get the same Atlanta professional moving services with us, but at a more affordable rate.

Recently, one of our satisfied customers that moved from Buford to Austell wrote this testimonial:

"This was the very first time I had to move since originally moving to Georgia so I didn't know any of the local moving companies. And I had not only a garage full of old appliances and furniture, but I also had to get 2 huge bedrooms full of furniture moved. My cousin recommended MovingXperts so I decided to give them a call. The representative that I talked to on the phone was very polite and helpful! He made the entire process of scheduling a move very easy. And as for the actual movers, they were awesome too! They moved everything with no problems and even helped me with setting up my appliances, tables, and chairs! Give these guys a call if you plan on moving soon. You won't regret it!"
