QR Code Link to This Post We are an easygoing attractive couple considering an open minded female housemate to share our cozy place with. We live in a very clean cute cottage. You would be sleeping on a comfy sofa and sharing a bathroom with us. We are very drama free and 420 friendly. We are wanting 250.00 a month all bills paid and rent could be lowered some if open to helping out around the house etc.... Please be easygoing and drama free. We are kinda modern hippies..lol.....Please drop us a line if interested.
