QR Code Link to This Post Going cross country or somewhere no one is posting a ride for? I can help.

I have 2 ticket offers I earned from riding Greyhound frequently good for 1 person each via Greyhound from anywhere to anywhere Greyhound goes in the continental (48 states) US roundtrip. There are no blackout dates or times. Return can be up to a year from date booked. You can leave from any Greyhound location and travel to anywhere they go.

This ticket offer is transferable and I am able to book a ticket in your name so you will have no problems. (Yes, I've done for other riders before without a hitch!)

I'm asking for \$150 per ticket (whether you use it one-way or as a roundtrip), but that is far cheaper than most airfares are one way if you are going cross country or a considerable distance.

Let me know by replying to this post with your contact info if you are interested or want more details. Again, I only have 2 ticket offers so I cannot accommodate more than 2.
