QR Code Link to This Post English bulldog will be 3 in 5 up to date on all shots. House broken. Needs to go to a home with SMALL children or other dogs. Best home would be for a couple children or other animals I am sure of how he would act around other dogs he has not been around. Very loveable and loves to cuddle protective and loves to play. He is semi aggressive when it comes to his food most dogs are. Will give more details once contacted or interested.....
