QR Code Link to This Post I've lived here in Metairie for almost a year and have yet to meet any musicians. I really just want people to jam with or be in a band with. I'm pretty diverse when it comes to guitar and somewhat with singing. I'm down to play indie rock, alternative rock, ambient music, hardcore, folk, acoustic or anything really. Some influences are cage the elephant, circa survive, expire, from Indian lakes, Lydia, Mac Demarco, foals, glassjaw, lower definition, The Wytches and a ton more. I have equipment and transportation. I'm musically deprived and would like to meet people who would be down with jamming or starting a band of some sort. Let's make music!
