QR Code Link to This Post We're very different from other real estate agents you may have encountered. We're a team of full-service agents using technology to facilitate a more efficient home sale process. Featuring exclusive buyer and seller programs, our innovative business model allows us to offer a premium level of marketing and personal service at a discount price.

We specialize in helping homebuyers find ALL homes that match their EXACT criteria. Once you find a home you want to purchase, we'll help negotiate the lowest price possible PLUS rebate you up to 2.5% (of the purchase price) at closing! That's \$12,500 cash back on the purchase of a \$500,000 home! Our concept is to assist buyers with their home search, help identify relevant areas/homes and answer questions along the way - without any cost, pressure, or obligation. We realize that today's buyer does not want to be led around by an agent and have responded by developing a system that empowers our clients with the same tools and information we use so that you are in control of the process. We also list/sell homes for 3.5% versus 6% other agents charge. SAVE THOUSANDS!!! Call, text, or email for more information.
