QR Code Link to This Post I've discovered that some of Erik Satie's pieces work very well on a five-string banjo. I play the "first" (treble) part and I'm looking for a classical guitarist to play the "second" or bass part. Chords for the second part of "En Plus (Calme)" (Trois Morceaux en forme du poire) are ready to go.

If you're interested in doing something different and have a good sense of humor, please contact me. I want to do quality work here but I try not to take myself too seriously.
