QR Code Link to This Post Hi! I'm Brent. I was tired of overpaying for mostly-dead, poor-quality dubia roaches (blaptica dubia) from the pet store and never knew what kind of quality I would get online until the shipment arrived. Instead of relying on "hopeful" quality, I turned to breeding and raising my own dubia cockroaches to feed my bearded dragon and savannah monitor. I no longer have to worry about poor quality again and neither will you. How it Works I do pickup only; Text me to schedule a pickup I will provide an inescapable-roach container for safe transporting/keeping To keep costs low and not to be wasteful, if you bring back the container for each pickup, I will knock \$2 off the price Pricing Size Quantity Price Price with Returned Container Small (1/8" - 1/2")

Perfect for hatchlings or other small critters 100 \$20 \$18 Medium (1/2" - 3/4")

Perfect for medium to large bearded dragons and other larger critters 100 \$22 \$20 Text me to schedule a
