We dominate our competition with our patented product that is truly revolutionary to people's health and it is a product consumers already use on a daily basis.

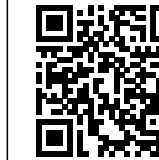

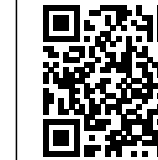

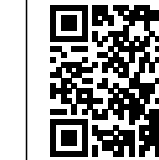

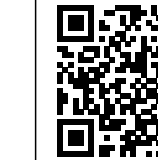

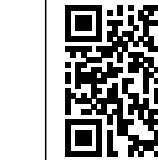

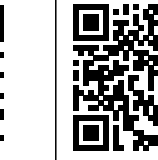

You will be responsible for direct sales working from home.

You will have complete flexibility of your schedule

You can choose to do this part time or full time.

You MUST be seeking self employment as this is a straight commission position.

We have tons of qualified leads coming in on a daily basis and we can't keep up with the demand. Our distributors are bringing in on average \$2000-\$5000 weekly in just their first 60 days in our business (I actually have proof and documentation this is attainable using our highly effective marketing strategy).. We are a group of business owners all working together for a common goal- we all do well. We make a lot of money in this business and we have fun doing it. You will receive continual online training, weekly conference calls, and one on one coaching.
