QR Code Link to This Post I bought a pitbull a few months ago before knowing I would be PCS'ing to Germany. Pitbulls are unfortunately banned in Germany :(This big boy is the sweetest thing. He gets along with kids and other animals. He is very tolerant, he's pretty much my 1 year olds best friend. His two favorites things are to cuddle and play fetch. We've all grown very attached to him and will be very picky about who he goes to. His previous owners did say he got his first set of shots, but they gave them to him theirselves so I would get them redone just in case. We bought him for 150. I'm going to ask for 80\$, just to make sure you are serious. I don't want him going home to home so make sure you can keep him! He was born August 16th. He is kennel trained and very smart. He's still working on house training. His name is Diesel. He comes with a kennel and whatever food we have leftover. Text me if you have any questions or are!
