QR Code Link to This Post I am looking for someone who is familiar with Crowd Funding or Fundraising , someone who knows how to raise money for a small business startup. I need \$50,000 to start a Motor Vehicle Sales Business in the city of Hawthorne Ca. 90250. In exchange I am offering 1% Ownership in this business for every \$1000 invested. The business will buy and sell not only cars, trucks and SUV's but any type of Motor Vehicle including but not limited to Fire Trucks, Motorcycles, Buses, Rescue Vehicles, Semi Trucks, Airplanes, Boats etc.

I will pay 10% commission for any money you can raise or for anyone you refer to me that will invest in this business.

I have been doing this for years but only part time or one at a time. If I can do this full time I can make thousands for the Investors and Myself. All I need to be able to do this full time is \$50,000. We will need to rent a small car lot or even just a parking lot to park and store the Vehicles. Since the Vehicles will be sold on the internet so it doesn't have to be a high priced Location.

Then we purchase a Vehicle then list it on the Internet then repeat the procedure, buy then list. If it doesn't sell in two or three weeks we lower the price. All I have to do is make sure I buy the Vehicles for less than what I can sell them for which is easier said than done but is very.
