QR Code Link to This Post I see that you belong in the 9th century with witches, sorcerers and dragons.

Chances are that without Science, you would be long dead and buried,

Go ahead, believe what you will, but plainly it is totally wrong about homosexuals. They exist and always will.

Being proud of being ignorant is not a trait that most people would want to brag about, but you take the cake. Go ahead and eat it.

The rest of the world will still go one and go forward into the future while you? Well, who knows and personally I would say WHO THE HELL CARES ABOUT THE LIKES OF.
