QR Code Link to This Post I'm looking for a house sit starting anytime between January and March and I am flexible on duration, from 2-6 months, for example.

I am a 54 year old male, a health coach working with natural methods.

I have a Ph.D. I have been a home owner. I know how to watch for leaks and mold, which I have dealt with. I don't use toxic products for cleaning or other things.

I can also offer you coaching as part of our exchange: nutrition, do-it-yourself physical therapies, fitness, and meditation. I help people who are tired of being tired, or who just want to look and feel younger.

It's always good to deal with like-minded people who communicate well and stay focused on the important things.

I have a clean.
