QR Code Link to This Post Need to find a new loving home for our 2 yr (?) old female min pin chihuahua. We will be moving to a place that does not accept pets. She's calm and mostly lays around. She is fully house broken. She comes with her crate, leash, dog food, sweater, and coat. She is utd on her shots....just needs her rabbies and fixed. Her name is Daisy. She's great around other dogs and children. She will need to go to a loving home where she will not be alone. She loves car rides. Feel free to text me at the number.
