QR Code Link to This Post Professional flute player available for studio work in any genre (local or remote). Also interested in gigs, but only for January/February as I'm only local during this time of year! Can improvise well without any charts and/or read sheet music, meaning I can play your scored parts, improv a solo, add color in breaks, write counter melodies, etc.

Also available to play keys or sing harmonies if needed- or even finger pick some guitar parts.

I'm open to working on recording projects with musicians playing any style and at any point in their musical journey from hobbyist to amateur performer to professional. Recent work includes world music, hip hop, edm, jazz, folk & classical.

Some studio samples here (2016 samples coming soon on this page!): http://www.jaclynduncanmusic.com/flute-sounds.php
*All flute on other pages of this site is me as well.

Facebook music page (Note: It's geared towards my event music business, hence the plethora of wedding/special event photos)-

I look forward to hearing from!
