QR Code Link to This Post I've been playing electric guitar since November 2005. I've also been writing lyrics and doing vocals (mostly screams) for several years. I play tuned in Drop C and have a sound that is primarily described as metal / hardcore.

I have professional electric guitar equipment.

I am trying to start an original band, compose, record, tour and perform.

I am seeking a vocalist (screamer / singer), guitarist, bassist and drummer. Other instruments are also welcome.

Please reply with information regarding which instrument(s) you play, your career goals, whether you can host (auditions, creative sessions and / or rehearsals) and your availability. I plan to meet as a band for 3 hour sessions, 3 times per week at a rehearsal studio we will rent.
