QR Code Link to This Post I am a bassist in my late twenties. I have performed at venues big and small countless times with different acts over the years. I consider myself to be pretty adept at what i do. Im looking to form a group with like-minded musicians relatively the same age as myself for a cover band, with an emphasis on rock, grunge, alternative, and even pop from the 90s. Two guitarists, drums and vocals needed. Maybe even keys. I can do some background vocals. Ideally we would meet once a week for rehearsal, and when we have a sufficient catalog of songs, start playing out in the area. I just want to have fun with it. i am located in the springfield MA area. If interested in hashing out some more details with me, respond via email with a little info about yourself. Thanks for your.
