QR Code Link to This Post We have four beautiful, cuddly guinea pigs girls. Onyx is 3 months, Pearl is 1 year old, and Brownie and Goldie are 4. They come with two sets of fleece/U-Haul bedding, 3 igloos, food, wood pellets, litter pans, hay, and hay boxes.

They're in great health and really fun to watch and listen to.

I would split them into pairs: Brownie and Goldie, and Pearl and Onyx. I have enough gridsi can provide for you to make the right cage. They're not for breeding, they're purely pets.

Everything you need! Rehoming fee of
