QR Code Link to This Post This is a unique property that is more than just an ordinary space for lease in a great location. The property itself is a membership based home to the creative industry known on FB as studio821photo. Our members are mostly photographers who bring their clients to one of our 5 studios we offer on site. The available space for lease sits off the main lobby and has 4 separate offices and full bath all interconnected with exterior entrances to each office. Let us know if you need just 1 or all 4. We are fair and flexible and will accommodate based on your needs. Utilities can or may not be included based on each individual situation. Please contact us for more.
