QR Code Link to This Post I want to pack up my stuff into a truck next week and head down to Baltimore, preferably before the rain/snow hits. Unfortunately I can't drive due to a disability, and that's where you come in. Help me get the truck, load the truck, drive it down, unload and drop it off. I will pay for gas, meals, and your bus ticket home (sorry on a budget), you get \$200 cash money and I might throw in some of my furniture/stuff. Send email if interested, I will ask for.
