QR Code Link to This Post Wimpy, short, out of shape, passive, timid, weak 32 year old male here with a unique post. I would like some help getting in shape. Maybe from a bodybuilder, personal trainer, model, athlete, jock, or just someone very fit. Must be over 21, fit, and bossy. Make demands of me in regards to diet, exercise, training. Also, as a timid and passive male, I'd also really like to be useful to you and would be more than willing to take orders from you. Assign me to do your laundry, pay your bills, clean your apartment, run your errands, and more. This is a win-win for both of.
