QR Code Link to This Post Fellow Geezers unite!!! im 55 and starting an all ORIGINAL rock band. So...looking for guys who write songs and play WELL. I play guitar and need drums bass and if im very lucky..keys.

If you have been a gigging player for years and have put it down due to age or other issues, maybe think about picking it up again? Doing it FOR FUN...I have no gigs or money to offer. Its just to have a band that will play the music WE write and want to play.

This is for a ROCK band...no hip, no hop, ...in the style of Zeppelin van halen, Beatles etc..but originals with maybe a few covers for fun. Please no one under 45 respond...I am not looking for young players or guys to play 'today's music'. I have 2 cds done and will have tracks I can send you for examples of what I will be playing. I will have them up on youtube soon and will provide links..in the meantime, I can just email you mp3s. HOPE YOU GUYS ARE STILL OUT THERE AND STILL ALIVE AND WELL! Merry!
