QR Code Link to This Post My name is Raul De La Cruz, I am a Doctoral Candidate in the Counseling Psychology Program at New Mexico State University. The purpose of this email is to ask for your participation in a study that explores gay men's experiences with use of dating applications. This study focuses on experiences with and perspectives about use of dating apps. If selected to interview, interviews will consist of 90-minute audio recorded interview via phone. If you are interested, the link below will direct you to a link to complete a screening questionnaire. The online screening should take approximately 10-15 minutes of your time. There are no major risks involved in the participation of this study; however, you may experience possible discomfort while discussing experiences of dating application use and/or discussing your identity. As a result of your participation, you will provide counseling psychologists with a better understanding of benefits and challenges of dating app use for gay men.
