QR Code Link to This Post Hi,

I am looking for a decent place for an affordable rent near Microsoft. I am male, 50, professional, BA and MBA. Room for rent. Short term or long term (preferred). I work 20 hours per week for \$40 per hour.

Nice guy, neat in common areas, less so in my room on laundry day. Rent paid on the 1st. I don't do drugs, I am not a criminal (unless you include things like speeding or parking tickets). Pets are cool; I don't have any myself. I guess I have to exclude dogs that yap all day. I am sure that is the cutest and most wonderful thing to their owner, but sometimes I like to nap. You know, nap vs yap.

Looking to have personal cable access (possible?) and kitchen access, plus all the usual modern stuff like microwave and dishwasher.

Furnished or unfurnished.

Trying to solve this asap.

Thanks!
