QR Code Link to This Post Seeking awesome female roommate to share my newer home, located in a super nice, quiet, crime free neighborhood near Layton and Clearfield. Great friendly neighbors!

I've had female roommates before and want to find that again with the right girl. Might even be a great situation for a single mom.

Rent is just \$295/month. Will do month to month.
You get your own private room, bathroom and the laundry room is on main floor.

My ideal female roomie would be between 18-33ish, fun, easy going, great personality, reliable, honesty and trustworthiness are absolutely required, NO drama, NO smoking, NO drug abuse, NO attitude.

About me: A waaaay decent, respectable, fit, high class, age 40, mature, responsible, attractive, hard working, easy going, very chill, great listener, super friendly and respectfull :)

This is probably one of the best opportunities out there for cheap rent in a quality living environment! You'd be hard pressed to find anything better!

Please send your photos and tell me something about yourself when responding. Why do I ask for your photos? Well, aren't you glad you can preview photos of the guy whom you'd consider living with? Same reason. ;)

These are REAL pics of me and my. :)
