QR Code Link to This Post We wholesale our material's to you (its documented) at dealer cost and install foe FLAT FEE'S.

you'll never be asked to pay any more than the original price given foe any install.

We don't have truck stock fees / shop fees/disposal fees/etc.

Absolutely NO hidden mark ups.

an estimate should never go over, that should be done by someone with enough experience to anticipate what's needed to do the job correctly.

I have many Nashville area reference's

All new units are from a local distributor and not some on line source.

All units come with a full 10 year parts warranty, extended warranties' can be purchased to cover any non warranty labor, but most people opt out of that. due to the expense, its relatively high.

I offer a 3 year workmanship warranty on all my work, unit installs and ducting jobs and repairs, not covering animal damage, fire or flood.

All my ducting is correct to air floe /CFM volume charts.

All my system installs are to metro code "R,8" and 100% sealed.

I can and will do ALL METAL DUCTING INSTALLS.

I can price 98% of my unit change outs with a few good pictures and about 10 simple questions.

We also install switched bath fans, for older homes that don't have them.

We install range hoods of many varieties.

We install DAIKIN MINI SPLITS. for those bonus rooms that have never been comfortable.

We do additions to existing residential homes.
