QR Code Link to This Post I will remove any old working or not central package system for \$800.00, over cost of unit and accessories, and install your new Goodman . Call Charlie Don't get caught cold and waiting when it's 30 degrees outside and 35 inside. My 2 ton unit cost is \$2095.56 with 10 kw aux. heat for a heat pump. Some addition accessories may be required ( new pad , change out old fuses to breakers , new dog house flashing etc.) for the retro fit applications, but those cost should be minimal and you'll never be surprised when your final bill.

We install lots of these units , many references available upon request.
