Design and Drafting (CAD) Services, on an augmentation basis (we fill the peaks in industry companies who require temporary or "peak load" demands, and yet do not
want to hire personnel full time). With forty-five plus years of combined experience in the engineering and information technology fields, we have the knowledge and
resources to meet your business needs. CAD services include, but are not limited to: * 2D to 3D CAD Conversions * CAD Animations * CAD Automation Programming
(AutoLISP / Visual LISP) * CAD to PDF Document Management * Civil * Consumer Web Content * HVAC * Material Handling Equipment * Mechanical Components and
Assemblies * Paper to CAD Conversions * Piping * Sheet Metal * Structural * Raster to Vector Conversions * Vector to Raster Conversions . Our billing methodology /
options for being your resource is simple and flexible: * Deliver a NOT TO EXCEED proposal. * Invoice on an agreed "per part", "per drawing" or "per assembly" basis. *
Invoice at \$34.50 per hour. That stated, we are small enough to be very "price competitive" and will be able to work within your various paradigms. We aspire to be your
CAD resource, and are very willing to work with you. If you are interested in discussing your requirements, please do not hesitate in contacting.
