QR Code Link to This Post 16 ft aluminum lonestar on solid caulkins galvanized tilt trailer. Have titles for both and have used the trailer recently with tabbed plate. No corrosion on either. High sidewalls enclosed under bow with original key to lock storage. Aluminum back transom extends transom another two feet needs replacement I disassembled to remove old wood out. Have original dash panel wood for template very rare and stable for the sound. Had a 75 horse mercury when I purchased it years ago. email for more.
