QR Code Link to This Post Newly built three bedroom, two bathroom mountain home at 9000 feet. Home is located in small gated community that is surrounded by the Medicine Bow National Forest. There is direct access to the snowmobile and ATV trail system of the national forest. There is year round access, even though we get lots of snow in the winter. Don't worry about pulling trailers to and from the mountain, you can enjoy the national forest directly out your back door.
