Located on a private, wooded acre of land with the river on two sides, it is THE closest rental to the park! Photographing baby animals in spring, touring the park in summer, hearing the elk bugling in fall, pristine cross country skiing on Yellowstone trails or wolf watching in Lamar Valley in winter, you can do it all from this home. In winter, you'll have the convenience of the plowed main road and the privacy of an acre of riverside wooded property. You can't beat skiing and snowshoeing around the peaceful wilderness of Silver Gate. Cooke City is just 3 miles away, with all of the snow sports that the Beartooth and Absaroka Mountains have to offer. Snowmobiling, snowboarding, backcountry skiing, it's all right.
