QR Code Link to This Post Dude you're an idiot. Nothing you posted ties Trump to David Duke. Lol So what if Duke supports Trump? Doesn't at all mean Trump supports Duke. I mean Trump did win the election so it's a safe bet he had a diverse crowd. And being that Trump honors our constitutional rights which include "Freedom of speech" then it's a no brainer. Now Hillary? She actually referred to a KKK recruiter as a mentor. Where's the outcry? You're literally to retarded to argue with. Stick to licking windows and playing dress up with your mother's.
