QR Code Link to This Post ***Guided Trail Rides***

Come take a ride with us! We offer guided trail rides around scenic Lake Keystone and Lake Heyburn. We use trained, finished trail horses that are suitable for any level of rider!

*Rides are usually 3 hours long, unless a client would like to make it shorter. Longer rides are available and can be customized

* We only charge 50.00 per person, not by the hour like most facilities. You get more "bang for your buck" that way.

*For safety and quality reasons, we only take out 2 people at a time. Most trail rides that are offered are typically nose-to-tail rides. Meaning people generally plod along on a trail one horse right behind the other. Unless that is what a client would like, our rides are open range! Call to find out more details about that!

*If you have children that a 3 hour ride would be a little much for, we can customize smaller, more personalized rides for them.

*You'll get to see beautiful scenery and wildlife as well as hear about Mannford's colorful history and see remnants of the Old Town, including areas once used by famous outlaw gangs.

Contact to find out MORE! Text is acceptable!
