**\*\* LOOK LIKE A STAR, FEEL LIKE A STAR WITH EYELASH EXTENSIONS- 14 YEARS EXPERIENCE**

**++ What Are Eyelash Extensions?**

Eyelash Extensions are a popular new service and product that lengthens and thickens your own natural eyelashes. Lash Extensions are single strands of synthetic eyelashes that are curved to replicate a natural eyelash. They are applied to each individual natural eyelash one by one for a natural, beautiful and luscious look. Eyelash Extensions are perfect for special occasions or for day to day wear.

**+++ What do Eyelash Extensions look like when applied?**

With proper application, meaning one synthetic eyelash applied to one natural lash the look and feel is completely natural looking and real. No one will know you have extensions. They will just think you were born with beautiful, long lashes

**++ How long will a set of Eyelash Extensions Last?**

When applied properly, eyelash extensions will last the length of the natural growth cycle of your eyelashes. Everyone's experience will differ based on day to day activities but over all touch-ups should only be required every 2 to 3 weeks. A special waterproof bonding agent is used. Glue does not contain any fumes or irritants and is long lasting

**++ Can I swim, shower, exercise while wearing Eyelash Extensions?**

Yes, the adhesive we use is waterproof and allows you to shower, swim, exercise etc. Special care is required but overall maintenance is low. We do recommend however that you do not wash your eye area for about 12- 24 hours after the eyelash application.

**MICRODERMABRASION FACIAL \$99 for 80 minutes 14 YEARS**

Microdermabrasion is a scientific method, using fine, inert (micro) crystals to progressively abrade the skin's surface. It is used for skin resurfacing and treating a range of skin abnormalities. This treatment has been used in Europe for years, now this exciting procedure is helping men and women in the United States experience remarkable improvements in their skin texture, regardless of skin color. With our Microdermabrasion skin treatment program, you can see immediate improvements in your skin's appearance. This unique approach removes dead and flaking skin cells and stimulates the production of fresh, young skin cells and collagen.

Microdermabrasion is **ALL ONE TREATMENT** for all skin types and for anyone interested in minimizing the appearance of: Scarring, Fines lines, Wrinkles, Pigmentation problems, uneven skin tones, Dull, lifeless and sun-damaged skin.

\*\*\*\*ACNE TREATMENT -EUROPEAN FACIAL - BACK FACIAL- MALE FACIAL -TEEN FACIAL : \$60-60mins

A European facial is a basic facial. It usually starts with the cleansing of the skin to remove make up, gentle steam and then there is an extraction process as needed to remove little impurities and blackheads that sometimes embed into pores. That's usually done with a very strong light behind a magnifying glass. The facial also includes exfoliation of the skin using a mask, and it normally also includes a neck and shoulder massage. It's probably one of the most well known facials and is very effective for the skin. Different products can be used. European Facial- Design for all types, an anti stress massage and mask for rejuvenation of the skin leaving skin rehydrated, fresh and radiant.
