Guest reviews:

"This house was perfect for our family of four, well-stocked kitchen, nice bathroom, very comfortable beds with nice sheets, nicely decorated living room and dining room. Everything is newly remodeled and well done and the house feels clean and fresh."

The neighborhood was quiet, centrally located, easy to find, and had some parks close by. The owners responded quickly and made sure they were available for any problems (we had no problems).

"This was a far better value than trying to book a crowded room in an overpriced hotel! We really enjoyed our stay here!

"The quiet neighborhood, convenient location and upscale interior combine to make this a perfect place from which to rest, recover or recreate."

"We were so happy with the accommodations here!"

"It could not have been easier! The rental is super clean and comfortable and they have everything you could need. It is a central location, so it allowed us a convenient hub for our comings-and-goings."
