Need an end of the year yard clean up. It's been maintained all year, I just haven't had a chance to get to it and finish it before winter.

Work entails...

- Cleaning our flower beds
- Picking up leaves, including those on my deck and any other hard surface
- Final mow and edge

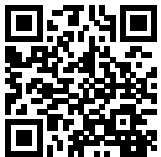

Not a very big yard but I've got 3 big maples in my backyard and plenty of leaves from my neighbors.

Offering \$250 and would like the work completed by the weekend. Today would be even more.
