QR Code Link to This Post Hi! I am a branching designer. I am looking for 3 beautiful petite women to model my designs. These designs will be posted via my online website and social media. Need CURVY petite women sizes 0-4. Hence, I already have designs in those sizes. The brand is lingerie and dance wear so if you aren't comfortable showing skin(belly,legs,etc) DO NOT waste my time. Must be fit also! Sorry,no stretch marks.Will do custom designs for women that are willing to be fitted. However,in an attempt to become resourceful,petite women are preferred. This is an awesome opportunity to build your portfolio and social following and could potentially lead into a paid opportunity!. Also... If you are a dancer of any genre, I have a deal!â°â° I am a woman,this is not an ad for solicitation of any sort! Serious inquiries only! will compensate for women willing to be custom madeâ°A lot of words,a little space!Contact me for more details
