QR Code Link to This Post condition: excellent
 make / manufacturer: Wells Cargo
 size / dimensions: 5x8
 year manufactured: 2004

Really Great Weathertight 2004 5x8 Trailer 1 Ton capacity with very low miles. Tagged and great active 4 digit tagged through July 2018. Rolls very easily by just one person when empty. Made by Wells Cargo. Has the most versatile access with factory Drop Back Ramp excellent for Motorcycle, or Riding Tractor or 4 Wheeler or Flea Markets etc I bought specifically to store my Harley Davidson. I rode it right in. I recently retired from riding and sold my bike. Will easily hold 1 bike. Tows and hooks up easily. Very low trailer miles. I just put 2 brand new tires on 2017. Age of tires more than use reason. And even bought a brand new spare. All 3 tires come with brand new galvanized rims from Eastern Trailer on Rt 72. Zero miles on them! It fits just a single bike easily but I stored my 2002 Night Train Softail in it for a while. Later my Harley Heritage Classic bagger. Great for other make bikes of course. It has full e channel option for fast anywhere tie down and new e channel tie down straps. Has capability to lock up and electric access for your battery tender maintainer. This is far better than a shed for many reasons. Isolating your bike by itself protects it far better vs in a shed with rakes, tools etc. Or even a garage. Since it's tagged you can park it on pavement vs the hassle of getting a shed approved. Also is very useful for Dropping a bike off, riding tractor or other landscape equipment. By owning a enclosed trailer it offers protection from the weather, you can take to work and later drop your bike off at s shop. And best of all have a way to get home. Plus better security vs an open trailer. Selling with great 4 tag T6775 with a reverse sequence run. I have both the blue and white and the black tag. The active 4 digit tag alone is worth nearly half of the price. Selling for only 1600.00 for all cash absolutely firm. Don't ask. This is a really nice buy. Keep your bike or toys protected for winter and all weather. The signage on the bike is also included. I got the tag to go with my black and white tags I had on my bike. Leave phone number for reply. 1600 cash takes it! Bring your tow vehicle with a 2 inch trailer hitch ball and take it home. Thank You. Leave phone number no text for
